

HERE'S the POINT!

By SPENCE HELD

I think you ought to know that "intestine strife" has paralyzed the Cardiff-Encinitas-Leucadia Chamber of Commerce.

My authority for this intelligence is the San Dieguito Citizen, published in Solana Beach. The Citizen's top story for May 30 started off as follows:

"Two separate moves to end the intestine strife that has paralyzed the Cardiff-Encinitas-Leucadia chamber of commerce for the past several months were made at the directors meeting, May 23."

Yeah... The Peninsula News office boy stared at that word "intestine" for a moment and then said: "Internecine, huh? Serves 'em right for trying to use such a highfalutin' word. No printer should have to put up with that—and the chamber of commerce deserves better treatment."

I see by the Aztec, student newspaper at State College, that one of the campus fraternities will hold its spring formal at the Shadow Mountain Club in Palm Desert on June 15 and 16.

Hey, now! The Roaring Twenties were nothing like this, fellas. Don't you think this is going pretty far?

More than 100 miles, after school's out, for two days... This is a college dance, 1957.

Next year, Las Vegas!

On the marquee of the Strand Theatre:

LUST FOR LIFE and I'LL CRY TOMORROW.
Let that be a lesson to you.

So now the 4700 block on Utah St. is known as Owl Alley, huh? Residents claim the "howls of the owls" keep them awake at night. Also, the pesky birds are said to swoop down at people at dusk; drop dead rats, on roofs, and perch on TV aerials to the detriment of programs.

Personally, I'll trade my Point Loma mocking birds for owls any day in the week... One of these mockers goes into his horrendous act along about 2 a.m. and keeps it up for hours.

He can do anything—even scream like a wounded owl.

Anxious Anglers Await Derby Fishoff Friday

While 161 eligibles for the first fishoff of the \$25,000 San Diego Yellowtail Derby are anxiously awaiting the starting gun Friday, other candidates for honors are feverishly checking in yellows in their efforts to qualify in the second period.

More than 7300 yellows were checked in by derby candidates in the first week of the second period, running the minimum weight in that length of time to 20 pounds 11 ounces.

Largest yellow of the week was a 28 pound 10 ounce caught by John Fujii, Los Angeles, and runner-up a 27-1 taken by Myron Spencer, Santa Ana.

In addition to the heavy run on yellows, anglers got in some heavy licks at the expense of bonito and barracuda, with some of the logs taken topping the 12 pound mark.

Among Point Loma-Ocean Beach anglers now on the second period qualifying list are: 23-8, Ruth Graham, 3749 Udal; 23-6, Elmer Piazza, 2406 Palermo; 21-6, David Henshaw, 1325 Rosecrans; 21-5, C. J. Marshall, 4356 Pt. Loma Ave.; 21-0, J. V. Anderson, 4344 Santa Cruz.

On Monday, May 27, Kiwanis tallied three times in the first inning for pitcher Kent Zender, and gathered five more to defeat Food Basket 8-0. Gary MacLachlan hit a homer.

ZENITH

HERE IS PROOF OF SATISFACTION

Mr. & Mrs. John W. Cunningham

Mr. and Mrs. Cunningham purchased their Zenith from Bob Horn several months ago. Here is what they think of it. Mr. Cunningham says, "We live in an area where all channels except the local ones, are hard to get. Our Zenith however, brings us a good picture on the distant Los Angeles stations AND the local channels."

Mrs. Cunningham says, "We needed a compact television for our medium sized living room. The Zenith fulfills our requirements without sacrificing screen size."

'Alcoholism' Topic At Temple Sat.

"Alcoholism" will be the topic of Dr. Edgar Miles in "Your Doctor Speaks" radio broadcast over KGB (1360 kc) from the Masonic Temple, 1711 Sunset Cliffs Blvd., this Saturday at 7:30 p.m.

Dr. Miles' radio message will be followed immediately by three temperance orations by the 1st, 2nd, and 3rd place winners in recent oratorical contests before the Women's Christian Temperance Society and the San Diego Union Academy. The speakers, all graduates this year of the Academy, will be Judy Grant, Trevor Delafield and George Bryson, said Evangelist Delafield. He will speak briefly on the topic, "Seven Terrible Plagues (Revelation Chapter 16) Coming Soon," after the temperance orations.

This Sunday night's topic is "Spiritualism," and will be presented by Associate Evangelist C. R. Rasmussen.

Delafield told his audience last Saturday night that "The Unpardonable Sin (blasphemy against

the Holy Spirit—Matthew 12:31, 32) consists of one of three things:

"(1) Every step in the rejection of Christ is a step in the rejection of salvation, and thus toward the step of the unpardonable sin.

"(2) Attributing to Satan the direct work of God through the Holy Spirit as a certain nation did once.

"(3) The most common manifestation of this sin is in persistently refusing the invitation of the Holy Spirit of Christ to repent."

Last Sunday evening Delafield preached to his audience on "The United States of America in Bible prophecy from Revelation 13:11-17."

NOW LET ME TELL YOU—There is no monkey business as Noell, the orangutan celebrity of San Diego's own Children's Zoo, corners Gary Tatus, Radioman Second Class of the destroyer USS BRINKLEY BASS, to tell him all about the opening of the Children's Zoo in Balboa Park in June. Miss Noell, born on Christmas Day 1955, paid an official visit to the BASS to pass the word to the Navy. In appreciation for her public service the BASS presented Miss Noell with the highest award that can be bestowed on an orangutan—a banana.

GOD ONLY CAUSE AND CREATOR, SAYS SERMON

The Lesson-Sermon in the Christian Science churches Sunday will speak of the nature of God as Cause and Creator and of the All-inclusive power of God. The subject is "God the Only Cause and Creator."

The Golden Text leads into the sermon with the words of John the Revelator, "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created." (Rev. 4:11)

The account is given from Luke's Gospel of the two disciples meeting Jesus as they walked to Emmaus shortly after Jesus' resurrection. He had overcome death and the grave and in defiance of material laws he was

Tips on Touring

By Carol Lane
Women's Travel Authority
Vacation Health

If you're planning your summer vacation trip now, you'll want to give some thought on how to keep the family healthy while you're away from home.

Does any member of the family suffer from hay fever or a similar allergy? Better check on your vacation spot to see if it's relatively pollen free. You can write to the Pollen Survey Committee of the American Academy of Allergy, 14th and Sheridan, North Chicago, Illinois. Tell them where you're going, and when.

Will elderly people travel with you? Try to find a vacation spot that affords recreation for them, too. Mountain resorts or other vacation spots at high altitudes can be uncomfortable for those with heart trouble or breathing difficulties.

Excessive heat and humidity are health problems for some folks—another item to check before making accommodations.

If you're going camping, make sure that all members of the family can recognize poison ivy and poison oak. An ounce of prevention is worth a pound of cure.

If you're motoring to some distant spot where the climate and food will be markedly different from those at home, check with your family doctor. His professional advice can help you to a happy vacation.

Miss Cowan Weds James A. Lessing

Patricia Marjorie Cowan, daughter of William Cowan and the late Mrs. Cowan of Miami, Fla., and James A. Lessing, son of Mr. and Mrs. Arthur R. Lessing, 4628 Saratoga Ave., were united in marriage by Monsignor Francis Dillon at Sacred Heart Church on Sunday, June 2. A reception at the home of the groom's parents followed the ceremony.

Wearing a ballerina length white lace dress, the bride was given in marriage by Lamont A. Insko, a close friend of the family. Her veil was shoulder length, and she carried a bouquet of white orchids.

Mrs. Lamont A. Insko was matron of honor, and was attired in a dress of blue lace. John R. Lessing, brother of the groom, acted as best man. Ushers were Manuel Armendariz and Joseph T. Williams.

The bride attended the University of Florida, and the groom was a student at St. Augustine's and Northrup School of Aeronautics. Both are employed at an aircraft plant.

Following a wedding trip to Las Vegas, the couple will reside in Ocean Beach.

Air Filter Is Boon to Hay Fever Sufferers

BY EDNA MILES

HAY fever, which afflicts one of every 20 Americans, is no fun at all. It's a great boon to the cleansing tissue business and that's about all.

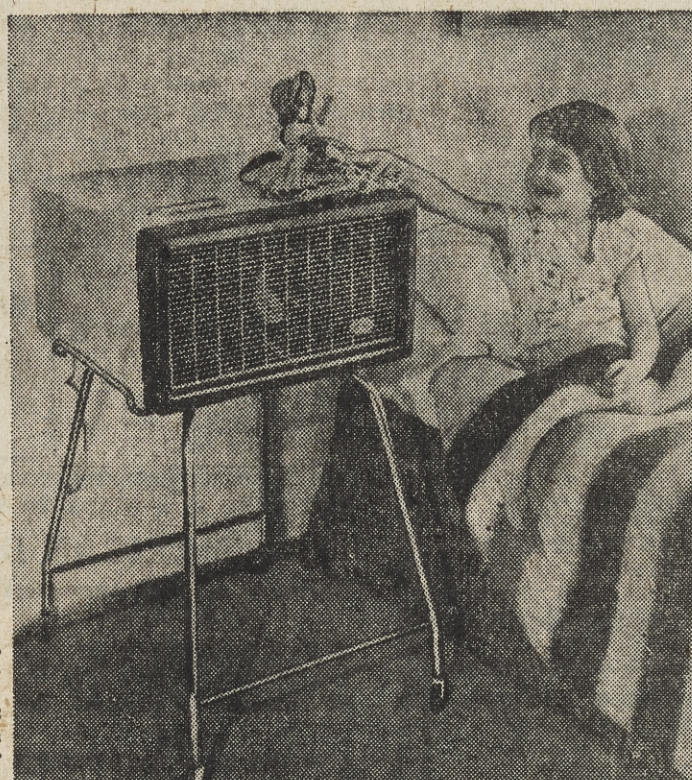

It's caused by a sensitivity to any of a number of substances called allergens that you inhale in normal breathing. And hay fever can develop into asthma, which is a far more serious ailment.

Ragweed is probably the most common source of allergens. All on its own, it tosses 500 million pounds of pollen into the air each year. And it's just one of many pollen-producing trees, plants and grasses that make the hay fever sufferer's life miserable.

The best way to avoid the hay fever problem is to remove the cause. Sounds simple, doesn't it? But removing oneself physically from the cause can be a problem, and removing 500 million pounds of pollen is no tiny task.

So now what? Well, there is help to be had. Brand new on the market is a portable air cleaner that plugs into any electrical outlet and will, its makers say, clear an average room of the offending air-borne particles in a matter of minutes.

It's an electrostatic air filter housed in a decorator-styled cabinet that can be moved from

U. of C. Extension Summer Session

University of California Extension today announced that the summer session of classes will start June 24 in San Diego with course offerings in 13 different fields of study.

The classes, most of which will be held at Roosevelt Junior High School, 3366 Park Blvd., are open to the general public.

C. A. Lewis, extension representative, said the courses will include business administration, business education, economics, education, engineering, graduate engineering, English, history, mathematics, music, psychology, sociology and theatre arts.

He said the class in theatre arts will meet at KFSD-TV Studio, 3642 Enterprise St.

For the convenience of the majority of adults who take University Extension courses, the classes meet in the evenings, from 7 to 9:30 p.m.

Lewis said that enrollment in extension courses can be completed at any time before June 27, but he advised early enrollment for those who want to be sure of having space in a specific class.

Advance enrollments may be made now either through the mail or by visiting the University Extension office, 1015 Seventh Ave.

THEN and NOW

When Bill Adams moved his Catalina Realty offices to his new location in beautiful Loma Plaza Shopping Center, it was with the feeling that this was truly "old home week." For seven years, Bill was located just one block north of his present headquarters. This part of the Peninsula has changed considerably over that seven year period. Attractive homes and this new shopping center have taken the place of undeveloped heavily wooded acres. As Bill says, "In those days it was mostly sagebrush and jack rabbits."

One thing that remains unchanged is the indisputable fact that Catalina Realty is still the most southwesterly real estate office in the United States.

Bible Comment:

Man Can't Shirk His Responsibility To Self and Others

A LESSON on personal responsibility seems very important in our age and under present conditions. The indirectness of so many processes in our modern life makes possible a shirking of duty that was not always so easy. The very bywords today indicate something of this lack of personal responsibility. We say, "Let George do it," or we speak of "passing the buck." Both phrases are expressions of slackness.

What has Ezekiel to say about personal responsibility? First, that sin and wickedness inevitably bring their results. Long before Ezekiel, an older writer in Israel declared, "Be sure your sin will find you out." Man is accountable for his deeds and he bears their consequences.

It is not only the prophet who says so; it is life and experience that make that declaration.

Nor is a man responsible only for his own acts. He must watch out for those of others. The man who takes an attitude of indifference—who says, "I'll attend to my own life; I'll have no care for anyone else"—is himself assuming a wrong and wicked attitude.

A man has the duty of a watchman. It is his duty to dissuade others from evil, to warn them concerning its consequences, just as one would be bound to warn a fellow human being he saw walking toward a dangerous hole or cliff.

There is a stern and relentless law that affects us all in the matter of life and conduct. But Ezekiel is equally definite in declaring that God, the upholder of the universe, takes no great delight in penalties for evil. His great purpose is redemption.

This is borne out not only in the gospel of grace, but also in the law of nature.

MRS. ERNEST E. DANJOU

Machado-Danjou Wedding Held

Gloria May Machado, daughter of Mr. and Mrs. Avelino P. Machado of 1762 Locust St., became the bride of Ernest Edward Danjou, son of Mr. and Mrs. Ernest J. Danjou of Hayward, Calif., at an afternoon ceremony June 2, at St. Agnes Church. A reception was held that evening in the House of Hospitality, Balboa Park.

Given in marriage by her father, the bride wore an original gown of imported rosepoint lace, with a scooped neckline and fitted bodice. The bouffant skirt of lace tiers was trimmed with seed pearl detail and formed a cathedral length train. French illusion net trimmed with lace fell to fingertip length from a queen's crown. Her bouquet was a cascade of feathered carnations and stephanotis centered with a white orchid corsage.

Mrs. Harold Kraft (Beverly Neves) was matron of honor. Her gown was of sea foam green lace with a fitted bodice and lace

jacket. Misses Evelyn Ann Mello, Anna Cravo and Barbara Silva were bridesmaids and were gowned in matching dresses of light yellow. Christine Marie Danjou, sister of the groom, acted as flower girl and was dressed in similar fashion. Joey Neves, god-child of the bride, was ring bearer.

Manuel Machado assisted the groom as best man, with John Machado, John Sebastian and Harold Kraft as ushers.

The mother of the bride was attired in a dust rose lace dress; the mother of the groom wore a beige dress and matching accessories.

Both bride and groom are graduates of Point Loma High School. He is a member of Tau Kappa Epsilon at San Diego State College, and a corporal in the U.S. Marines stationed at Camp Del Mar. Following a wedding trip to Lake Arrowhead and Big Bear, the couple will reside in San Diego.

New Horizon Club Named 'The Debs'

"The Debs" is the name of the new Horizon Club group which will receive their charter at installation ceremonies Tuesday, June 11 at 7:30 p.m. in Pt. Loma Methodist Church.

Presiding at the candlelight ceremony will be Miss Gayle Richardson, president of Dana Horizon Club; Miss Ruth Madsen, executive Camp Fire director; Mrs. Richard Martin and Mrs. John Leptich, co-leaders of the girls. Senate O.K.'s Trading Stamps

SACRAMENTO—Women may continue to save trading stamps and redeem them for premiums in California after a bill to outlaw them was defeated in Senate committee last week, according to Assemblyman Frank Luckel of Point Loma.

Five bills intended to outlaw trading stamps were introduced in the legislature this season, Luckel said. One was withdrawn at the request of the author two months ago, while three were dropped by their authors after one suffered defeat in committee.

Word that trading stamps might be outlawed by legislation brought a barrage of letters from housewives and merchants to members of the Legislature protesting the bills and urging their defeat.

First Federal Savings & Loan To Pay 4 Percent

Beginning July 1, the First Federal Savings and Loan Association has been authorized by its Board of Directors to pay 4% earnings per annum on savings accounts, compounded and payable four times a year, according to Harold B. Starkey, president.

First Federal enjoys the distinction of being the first Federally chartered and insured association in San Diego County and has a long history of conservative yet progressive management, he said.

Starkey further emphasized that First Federal is strictly a mutual association, has no stockholders, and its earnings, above reserves, belong to its investors. "We will always pay the most that is justified by earnings and circumstances," he continued. During the past year the Association made a substantial increase in its earned reserves, and assets are now over \$35,000,000.

Insured First Federal maintains three conveniently located offices identified by the big public service time and temperature signs—downtown Fourth and "B" Branch with drive-in service, 42nd and El Cajon Boulevard, and Hillcrest Branch, Fifth and University Aves.

Savings accounts opened or increased at any of First Federal's offices through June 10 will earn from June 1 at the prevailing current rate.
